

Action Taken Report – 2016-17

Details of Meetings conducted:

| | |
|----|------------|
| 1. | 30/06/2015 |
| 2. | 03/07/2015 |
| 3. | 05/08/2015 |
| 4. | 09/02/2016 |

National Level Conferences :

A number of Seminars and Conferences were organized by the IQAC in association with the various departments and committees of the college. Some of these were :

- The IQAC conducted a Two-Day National Level Seminar sponsored by NAAC on the theme “Envisioning Effective Strategies for Administrative and Academic Audit “ on 27th and 28th February 2017. The aim of the Seminar was to smoothen the process of data collection for academic audit which could then be seamlessly integrated with the regular functioning of the institution.
- A Two-Day National Conference titled, “Revisiting the Discourse on Women’s Rights : New Forms of Violations & Contestations” , was organized by the Gender issues Cell of the college in collaboration with Akshara, a Women’s Resource Centre, on 1st and 2nd September 2016. This conference was partly sponsored by ICSSR. This inter-disciplinary National Conference focused on contemporary discourses on women’s rights and how they engaged with new forms and expressions of gender violations and contestations, including the digital space.
- A One-Day National Conference on Dr Rajendra Prasad and his achievements was organized by the Department of Hindi on 3rd December 2016

Seminar :

A Seminar on ‘Intellectual Property Rights – Get on the Right side of the Law’, was organized on 2nd December 2016 by the Departments of Life Sciences and Microbiology.

New Programmes :

- A Three-year Undergraduate Programme, B.A in Film, Television & New Media Production, (BA FTNMP) was introduced in this year by the Department of Mass Media.
- A Programme – Diploma in Sports Management was introduced this year by the Department of Mass Media.
- M.Com in Advanced Accountancy was started this year by the Department of Commerce.

Curriculum Enrichment :

Department of Economics initiated Speaker Series, a programme consisting of a series of interactive sessions with experts from various interdisciplinary fields.

Infrastructural Development :

Renovation of Statistics laboratory was carried out and 20 computers were installed.

Two additional classrooms were created on the second floor of the college.
