# Creative Scientia

*Creative Scientia* is itself a thought provoking idea and a expression of all of us during this lockdown...

On 21st of April, 'Creative Scientia – #KCLSCFIGHTSCORONA', an event to provide a creative outlet for the scientific minds of young kclites, was conducted by the Department of Life Sciences at K. C. College. The event comprised of five individual competitions gave an opportunity to students to express their ideas regarding the Covid-19 Pandemic and lockdown period. A overwhelming response of 149 registered participants, included students from Junior, Degree and PG classes, spanning across the streams of Arts, Commerce and Science, BAF and KC Alumni. The overall competition was divided into two sub themes, namely, Lockdown Times: experiences, emotions, evolution and Covid 19 - The Battle goes on....

Out of the qualified entries, 'Go Corona!!!' - Slogan making competition, Paint Your Awareness - Sketching and Painting competition, that received a maximum response of 49 entries, Happily Ever After - A Story writing competition, 'Lockdown Lyrics!!!' - Poetry writing competition and 'The Bigger Picture' - Scientific Presentation Competition, showcased hidden talent of creative expressions regarding fight against Covid-19, by the student participants.

Department of Life Sciences was blessed to have their own distinguished alumni (Batch 1994 to 2007), that are now at various prestigious institutions at National and International level, as the esteemed judges for this competition. Their dilemma in selecting the best entry, can be well understood by a quote from one of the judges 'I must say that India as a country is blessed to have students such as these who are not just creative but have penned down their lockdown experiences to create an original piece of work which swells my heart with pride.' The judging criterion was based on the Originality, Creativity, Content, Clarity, Concept, and Social significance of the artwork.

The Department of Life Sciences, would like to put on record, that though out of social convention, top three participants are considered as awardees, each participant has presented a fresh take on the situation and deserves an applause for their valiant attempt.

The list of the top three winners with the active link of their artwork has been provided ahead...

*And as always, Stay Home and Stay Safe.*

## LIST OF EVENTS CONDUCTED:

- A. Slogan making
- B. Sketch/ painting
- C. Story writing
