

HSNC UNIVERSITY, MUMBAI

Kishinchand Chellaram College

Nature Club

Under the aegis of DBT Star Status

PRESENTS

SCIENCE ADDA

Nature Club, K.C. College, HSNC University under the aegis of DBT Star Status, under Science Adda - An initiative by the Government of India, organised a fun and interactive session for the students of various schools on 10th February 2022, in the offline mode.

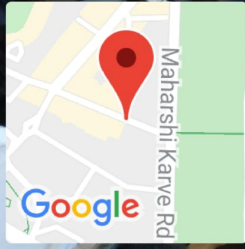

The session was commenced by a welcome address given by Dr. Tejashree Shanbhag (Vice Principal, Sciences and Convenor of Nature Club, K. C. College) who spoke at length about the importance of Science and Nature in our lives and further welcomed all the young minds who had visited our institution. After the opening remarks, the students were shown a documentary on the rich biodiversity of Sanjay Gandhi National Park, also known as SGNP, located in the heart of metropolitan Mumbai. Post the eye-catching documentary, the students were briefly introduced to the geographical location and topographical features of Mumbai. This was followed by an exciting Bird Quiz. The quiz was designed to test the sense of hearing of the young students. The students were asked to identify commonly found birds, to name a few, Kingfisher, Coppersmith Barbet, etc., in Mumbai through their calls. The kids actively participated and tried their best to identify the birds.

Lastly, Dr. Aashu Vajpai gave concluding remarks and thanked all the student volunteers of K. C. College for putting up a great show. The visiting students were appreciative of the session and expressed their wish to take part in such fun and knowledgeable activities in the future as well.
